What's Happening at the Jewish Historical Society

- We have received several grants from CT Humanities for work on our archives and general operations.
- We are pleased to be working with consultant Bob Serow, through a grant from the Community Foundation of Greater New Haven, on strategies to recruit more Board Members.
- We have also applied for a grant from the Jewish Federation to work with Rabbi Reena Judd of Quinnipiac University on a Judaica Project that focuses on holiday Judaica, embracing old memories and building new.
- We visited the Beinecke Library at Yale University along with several other members of Ethnic Heritage Society to learn about ways we can work together to develop future programs.
